

# After school training session with DrumCrazy Ltd

## Purpose:

- For teachers and classroom assistants to re-discover the joy of music-making for themselves
- That everyone is leaving with renewed confidence, inspiration and skills that they can take back to the classroom.
- You will be empowered to create simple structures and games covering all the basic aspects of the music curriculum.

## Tools:

- Body rhythms, voice, drums, percussion, boomwhackers
- 

## DrumCall

- Creating relationship, playing with sounds, relaxing into the groove.

## Exploring Musical Relationships

- Looking at the roles of different instruments (e.g. shaker, bell, bass drum etc)
- Exploring the connection between beat and rhythm ( How to present this to different age groups )

## Creating material to work with

- Creating rhythms from names, spoken phrases, numbers (age appropriate )
- Using call and response
- Improvising together, listening and watching.

## Conducting skills

- Start/stop, loud/soft, fast/slow, strengthening and supporting the beat
- Sculpting out groups
- Creating and using platforms
- Creating your own signals.

## Arranging and performing

- Creating percussion backing for songs
- Integrating elements of improvisation
